Topic	Details	Weights
Develop Application and Solution Components	<ul style="list-style-type: none"> <li>- Identify uses of Maintenance Manager</li> <li>- Demonstrate understanding of Report Viewer</li> <li>- Demonstrate understanding of RuleRunner</li> <li>- Demonstrate knowledge of using FastDoc admin</li> <li>- Demonstrate understanding of Datacap Studio</li>   <li>1. Demonstrate understanding of Studio AppWizard</li> <li>2. Demonstrate knowledge of how to develop Task Profiles</li> <li>3. Demonstrate knowledge of how to develop rulesets, rules, and functions</li> <li>4. Demonstrate knowledge of applying rules to Datacap Document Hierarchy (DCO)</li>   <li>- Demonstrate understanding of web administration</li> </ul>	29%
Solution Testing and Deployment	<ul style="list-style-type: none"> <li>- Demonstrate knowledge of performing solution testing</li> <li>- Demonstrate knowledge on how to use Datacap Studio to test</li> <li>- Explain steps required to move solution between deployment targets</li> <li>- Demonstrate ability to enable logging for all the components</li> <li>- Demonstrated knowledge of troubleshooting techniques</li> </ul>	9%

## IBM C2070-994 Sample Questions:

### Question: 1

An administrator must configure security on the Loan application so that Loan\_Processors can delete batches and run the verify task.

Which option best describes how the administrator will accomplish this?

- a) Datacap implements privileges and permissions through external directory service providers. The administrator will use the directory service admin tool to configure delete and enable verify.
- b) Datacap implements authentication and authorization using TMA. The administrator will use Datacap Navigator or the web client to configure the delete permission and enable the verify privilege.
- c) Datacap implements authentication and authorization through external directory service providers. The administrator will use the directory service admin tool to configure delete and enable verify.
- d) Datacap implements privileges and permissions to determine the actions users and groups can take and the job tasks they can run. The administrator will use an appropriate admin tool to set the delete privilege and enable the verify permission.

**Answer: d**

### Question: 2

A developer has a requirement to rearrange the Task Profiles for the MyBank application to make the tasks easier to follow.

The tasks are to be arranged in a logical order to make the view in Datacap Studio the same order in which the Tasks are executed in the work flows.

What file must be edited to accomplish the above scenario?

- a) MyBank.xml
- b) MyBank.app
- c) datacap.xml
- d) collection.xml

**Answer: d**

**Question: 3**

The administrator wants to utilize the Report Viewer MaxResultReports limitation to set for 5000 reports. Which file in Datacap needs to be modify to set this limitation?

- a) apps.ini
- b) web.config
- c) reports.xml
- d) default.aspx

**Answer: b****Question: 4**

A developer needs to create tasks to take care of routine maintenance in the IBM Datacap environment. What action libraries are developers limited to use with Datacap Maintenance Manager (DMM)?

- a) None, DMM can execute any actions from any action library.
- b) DMM can execute any actions from the NENU and Lookup action libraries.
- c) DMM can execute any actions from the NENU, Lookup, and Rulerunner action libraries.
- d) DMM can execute any actions from the NENU, Lookup, and any rrCompare actions from the Rulerunner action libraries.

**Answer: a****Question: 5**

Which one of the following tasks is available using the FastDoc Datacap Server user interface?

- a) Add users
- b) Add groups
- c) Add actions
- d) Add rulesets

**Answer: d**

**Question: 6**

A business implementing IBM Datacap Navigator wants to remotely scan its hard copy pages. They are in the initial state of adding and configuring all the scanners on their system to accomplish this.

When scanning with Datacap Navigator, ActiveX is supported for TWAIN scanning with which browser type?

- a) Apple Safari
- b) Mozilla Firefox
- c) Google Chrome
- d) Internet Explorer

**Answer: d**

**Question: 7**

A solution designer needs to setup a Datacap Report Viewer website to provide information to business managers. Which of the following platforms is the Datacap Report Viewer website compatible with?

- a) Oracle WebLogic Server
- b) IBM WebSphere Application Server
- c) Microsoft Internet Information Server
- d) WildFly (formerly known as JBoss AS)

**Answer: c**

**Question: 8**

A developer needs to ensure that the application is in the "Export" stage before a rule is run. Which of the following is the correct action to accomplish this task?

- a) `rrCompare("@IDTASK","Export")`
- b) `rrCompare("@TASKNAME","Export")`
- c) `rrCompare("@PILOT(JOBID)","Export")`
- d) `rrCompare("@PILOT(TASKPROFILE)","Export")`

**Answer: b**

**Question: 9**

How is Rulerunner scaled vertically?

- a) Add a load balancer to spread the load between Rulerunner servers.
- b) Add additional Rulerunner servers to match volume throughput needs.
- c) Increase the number of threads without additional servers or hardware.
- d) Deploy the Datacap.xml and application files to each of the client servers.

**Answer: c**

**Question: 10**

An administrator wants to configure threads in their IBM Datacap environment. Which tool will they use?

- a) Application Manager
- b) Rulerunner Manager
- c) Maintenance Manager
- d) Datacap Configuration Manager

**Answer: b**

## Study Guide to Crack IBM Datacap Solution Designer C2070-994 Exam:

- Getting details of the C2070-994 syllabus, is the first step of a study plan. This pdf is going to be of ultimate help. Completion of the syllabus is must to pass the C2070-994 exam.
- Making a schedule is vital. A structured method of preparation leads to success. A candidate must plan his schedule and follow it rigorously to attain success.
- Joining the IBM provided training for C2070-994 exam could be of much help. If there is specific training for the exam, you can discover it from the link above.
- Read from the C2070-994 sample questions to gain your idea about the actual exam questions. In this PDF useful sample questions are provided to make your exam preparation easy.
- Practicing on C2070-994 practice tests is must. Continuous practice will make you an expert in all syllabus areas.

## Reliable Online Practice Test for C2070-994 Certification

Make EduSum.com your best friend during your IBM Datacap V9.0 Solution Designer exam preparation. We provide authentic practice tests for the C2070-994 exam. Experts design these online practice tests, so we can offer you an exclusive experience of taking the actual C2070-994 exam. We guarantee you 100% success in your first exam attempt if you continue practicing regularly. Don't bother if you don't get 100% marks in initial practice exam attempts. Just utilize the result section to know your strengths and weaknesses and prepare according to that until you get 100% with our practice tests. Our evaluation makes you confident, and you can score high in the C2070-994 exam.
