## Know Your 1Z0-1043-21 Certification Well:

The 1Z0-1043-21 is best suitable for candidates who want to gain knowledge in the Oracle Application Development. Before you start your 1Z0-1043-21 preparation you may struggle to get all the crucial Cloud Platform Application Development Specialist materials like 1Z0-1043-21 syllabus, sample questions, study guide.

But don't worry the 1Z0-1043-21 PDF is here to help you prepare in a stress free manner.

The PDF is a combination of all your queries like-

- What is in the 1Z0-1043-21 syllabus?
- How many questions are there in the 1Z0-1043-21 exam?
- Which Practice test would help me to pass the 1Z0-1043-21 exam at the first attempt?

Passing the 1Z0-1043-21 exam makes you Oracle Cloud Platform Application Development 2021 Specialist. Having the Cloud Platform Application Development Specialist certification opens multiple opportunities for you. You can grab a new job, get a higher salary or simply get recognition within your current organization.

## Oracle 1Z0-1043-21 Cloud Platform Application Development Specialist Certification Details:

<b>Exam Name</b>	Oracle Cloud Platform Application Development 2021 Specialist
<b>Exam Code</b>	1Z0-1043-21
<b>Exam Price</b>	Free (This offer will end on December 31, 2021 11:59 PM GMT.)
<b>Duration</b>	90 minutes
<b>Number of Questions</b>	55
<b>Passing Score</b>	68%
<b>Format</b>	Multiple Choice Questions (MCQ)
<b>Recommended Training</b>	<a href="#">Oracle Cloud Platform Application Development 2021 Certified Specialist</a> <a href="#">Oracle Cloud Infrastructure Learning Subscription</a>

<b>Schedule Exam</b>	<a href="#"><u>Pearson VUE</u></a>
<b>Sample Questions</b>	<a href="#"><u>Oracle Cloud Platform Application Development 2021 Specialist (OCS)</u></a>
<b>Recommended Practice</b>	<a href="#"><u>1Z0-1043-21 Online Practice Exam</u></a>

## 1Z0-1043-21 Syllabus:

Oracle Cloud Platform for Application Development Overview	<ul style="list-style-type: none"> <li>- Explain key concepts of the Oracle Cloud Platform and Application Development Cloud Platform.</li> <li>- Describe Oracle Application Development Cloud Platform Services and where they fit into Oracle's Cloud strategy.</li> <li>- Discuss overviews of each of the key services within the Application Development Cloud Platform: Oracle WebLogic Server for Oracle Cloud Infrastructure, Visual Builder Studio, Mobile Hub, Blockchain and Container Native offerings.</li> </ul>
Visual Builder Studio - DevOps	<ul style="list-style-type: none"> <li>- Explain VBS features - tasks, agile, git, build, merge requests, deploy</li> <li>- Explain VBS architecture and role in the application development cycle</li> <li>- Manage code in VBS (branches, code review, snippets, git)</li> <li>- Manage agile planning in VBS (issues, sprints, SCRUM/KANBAN, project settings)</li> <li>- Manage CI/CD in VBS (build, pipeline, deployments)</li> <li>- Manage VBS with organization administrator</li> </ul>

**Answer: a, b, c**

**Question: 4**

A service binding provides communication over a private overlay network within your Identity domain between Oracle Application Container Cloud Service and the other Oracle Cloud service.

In which metadata file/files can you configure Service Bindings?

- a) app.yml
- b) config.yml
- c) deployment.json
- d) manifest.json

**Answer: d**

**Question: 5**

You have a web page and you need it to fetch data from a REST service when the page loads. How would you implement this In Oracle Visual Builder Cloud Service (VBCS)?

- a) Add an onload event to the page settings and use an action to fetch the data.
- b) This cannot be accomplished with the current VBCS version.
- c) Create a process using Process Cloud that will prepare the data In a background process.
- d) Add a button to the page to fetch the data from the REST service and mark It as default Item.

**Answer: b**

**Question: 6**

The WebLogic Administration Console for a Java Cloud Service instance is inaccessible. What is the first step to diagnose this problem?

- a) Verify that the ora\_p2admin\_ahttps access rule is enabled.
- b) Restart the instance.
- c) Restart the node that hosts the WebLogic administration server.
- d) Create an access rule to allow all traffic from the Internet to the node that hosts the WebLogic administration server.

**Answer: a**

**Question: 7**

Which statement is true tot metrics using the REST API?

- a) You can collect memory and CPU usage.
- b) You can determine the number of failed requests.
- c) You can collect absolute and percentage memory usage.
- d) You can determine the number of requests per second.

**Answer: d**

**Question: 8**

In Oracle Application Container Cloud Service, you want your applications to scale up with no downtime. Which mode should you choose?

- a) parallel
- b) safe
- c) concurrent
- d) rolling

**Answer: d**

**Question: 9**

Oracle Java Cloud Service uses a database to host the Oracle schemes required 'or Oracle Java Cloud Service.

What database service is a valid option when creating Java Cloud Service instance?

- a) Oracle Database Cloud Service - Virtual Image
- b) Oracle Database Cloud Service
- c) Oracle Database Cloud Service -Bare Metal
- d) Oracle Cloud infrastructure Database

**Answer: b**

**Question: 10**

PSM CLI is a command line utility foe managing PaaS services on Oracle Cloud. What is the command psi» aces push used to accomplish?

- a) Restart an application
- b) scale out an application
- c) create of update an application
- d) Delete an application

**Answer: c**

# Study Guide to Crack Oracle Cloud Platform Application Development Specialist 1Z0-1043-21 Exam:

- Getting details of the 1Z0-1043-21 syllabus, is the first step of a study plan. This pdf is going to be of ultimate help. Completion of the syllabus is must to pass the 1Z0-1043-21 exam.
- Making a schedule is vital. A structured method of preparation leads to success. A candidate must plan his schedule and follow it rigorously to attain success.
- Joining the Oracle provided training for 1Z0-1043-21 exam could be of much help. If there is specific training for the exam, you can discover it from the link above.
- Read from the 1Z0-1043-21 sample questions to gain your idea about the actual exam questions. In this PDF useful sample questions are provided to make your exam preparation easy.
- Practicing on 1Z0-1043-21 practice tests is must. Continuous practice will make you an expert in all syllabus areas.

## Reliable Online Practice Test for 1Z0-1043-21 Certification

Make DBExam.com your best friend during your Oracle Cloud Platform Application Development 2021 Specialist exam preparation. We provide authentic practice tests for the 1Z0-1043-21 exam. Experts design these online practice tests, so we can offer you an exclusive experience of taking the actual 1Z0-1043-21 exam. We guarantee you 100% success in your first exam attempt if you continue practicing regularly. Don't bother if you don't get 100% marks in initial practice exam attempts. Just utilize the result section to know your strengths and weaknesses and prepare according to that until you get 100% with our practice tests. Our evaluation makes you confident, and you can score high in the 1Z0-1043-21 exam.
