Know Your JN0-412 Certification Well:

The JN0-412 is best suitable for candidates who want to gain knowledge in the Juniper Cloud. Before you start your JN0-412 preparation you may struggle to get all the crucial JNCIS-Cloud materials like JN0-412 syllabus, sample questions, study guide.

But don't worry the JN0-412 PDF is here to help you prepare in a stress free manner.

The PDF is a combination of all your queries like-

- What is in the JN0-412 syllabus?
- How many questions are there in the JN0-412 exam?
- Which Practice test would help me to pass the JN0-412 exam at the first attempt?

Passing the JN0-412 exam makes you Juniper Networks Certified Specialist Cloud. Having the JNCIS-Cloud certification opens multiple opportunities for you. You can grab a new job, get a higher salary or simply get recognition within your current organization.

Juniper JN0-412 JNCIS-Cloud Certification Details:

Exam Name	Cloud Specialist
Exam Code	JN0-412
Exam Price	\$300 USD
Duration	90 minutes
Number of Questions	65
Passing Score	Variable (60-70% Approx.)
Recommended Training	Cloud Automation Using Contrail
Exam Registration	PEARSON VUE
Sample Questions	Juniper JN0-412 Sample Questions
Practice Exam	Juniper Networks Certified Specialist Cloud Practice Test

JN0-412 Syllabus:

Section	Objectives
SDN Theory and Applications	<ul style="list-style-type: none"> - Identify SDN concepts <ul style="list-style-type: none"> • SDN Definitions • SDN versus NFV - Describe Cloud concepts <ul style="list-style-type: none"> • Virtualization, containers, and orchestration • Cloud applications (data center, enterprise, WAN, transport networks, telco cloud)
Cloud Orchestration	<ul style="list-style-type: none"> - Identify OpenStack concepts <ul style="list-style-type: none"> • Components (Nova, Neutron, Keystone) • VM Creation • Tenancy • Security groups and rules - Identify Kubernetes concepts <ul style="list-style-type: none"> • Components (Master and Nodes) • Container creation • Tenancy • Security groups and rules - Demonstrate knowledge of configuring, monitoring, or troubleshooting orchestration <ul style="list-style-type: none"> • VM creation • Snapshots
Contrail Architectures and Services	<ul style="list-style-type: none"> - Identify Contrail architectural concepts <ul style="list-style-type: none"> • Controller • vRouter • Control plane • Data plane • Contrail Web UI • Contrail Command UI

Section	Objectives
	<ul style="list-style-type: none"> • Pods and Containers • APIs (HEAT Templates, REST) - Identify Contrail virtual networking concepts <ul style="list-style-type: none"> • Virtual networks • DNS and IPAMs • Network policies • Floating IPs • Gateways • LBaaS • BGPaaS • QoS • Virtual port groups • Logical routers • Device manager and virtual gateway - Demonstrate knowledge of configuring, monitoring, or troubleshooting Contrail networks <ul style="list-style-type: none"> • Virtual networks • Network policies • Gateways
Contrail Security	- Identify Contrail security concepts <ul style="list-style-type: none"> • Tags • Policies • Monitoring - Demonstrate knowledge of configuring, monitoring, or troubleshooting Contrail security <ul style="list-style-type: none"> • Tags • Policies
Contrail Fabric Deployment	- Identify Contrail Fabric deployment concepts <ul style="list-style-type: none"> • Greenfield • Brownfield • BMS

Section	Objectives
	<ul style="list-style-type: none"> • ToR • Bridging VMs to BMS • Routing between VNs • EVPN/VXLAN • DCI <p>- Demonstrate knowledge of configuring, monitoring, or troubleshooting Contrail Fabrics</p> <ul style="list-style-type: none"> • Greenfield/Brownfield • Bridging VMs to BMS • Routing between VNs • DCI and gateways
<p>Contrail Fabric Management</p>	<p>- Identify Contrail Fabric management concepts</p> <ul style="list-style-type: none"> • BMS management • Admin and Tenant workflows • Fabric maintenance and upgrades • Configuration backups • Fabric administration • Adding spine and leaf nodes <p>- Demonstrate knowledge of configuring, monitoring, or troubleshooting Fabric management</p> <ul style="list-style-type: none"> • Add/remove/modify fabric nodes • BMS management
<p>Contrail Monitoring and Analytics</p>	<p>- Identify knowledge of AppFormix analytics concepts</p> <ul style="list-style-type: none"> • Configuring • Log monitoring • Alarms • HEAT maps and charts • Reports <p>- Demonstrate knowledge of configuring, monitoring, or troubleshooting AppFormix</p> <ul style="list-style-type: none"> • Log monitoring

Section	Objectives
	<ul style="list-style-type: none">• Alarms• Reports

Juniper JN0-412 Sample Questions:

Question: 1

Which mechanism creates unique tenants within OpenStack?

- a) group
- b) profile
- c) guest
- d) project

Answer: d

Question: 2

In which format are the result displayed when browsing with the contrail Analytics API?

- a) HTML
- b) JSON
- c) plain text
- d) XML

Answer: b

Question: 3

Creating a Contrail service chain requires the configuration of which three elements? (Choose Three)

- a) service policy
- b) service template
- c) service object
- d) service network
- e) service instance

Answer: a, b, e

Question: 4

A developer is logged into OpenStack and is trying to bring up a recently assigned project but is required at the identity source. Which log file should you review to identify this problem?

- a) /var/log/swift.log
- b) /var/log/apache2/horizon.log
- c) /var/log/keystone/keystone.log
- d) /var/log/neutron.log

Answer: c**Question: 5**

Which statement is true regarding Virtual Network Functions (VNF)?

- a) A VNF is implemented with virtual platforms.
- b) A VNF requires an SDN controller for implementation.
- c) A VNF is implemented with physical hardware platforms.
- d) A VNF requires an SDN orchestrator for implementation.

Answer: a**Question: 6**

Your customer deletes a Contrail service instance VM directly from OpenStack. In this scenario, which statement is correct?

- a) The service instance will be deleted from Contrail.
- b) The VM will be deleted and Contrail will show the service instance as inactive.
- c) Contrail will spawn a new service instance VM.
- d) OpenStack will spawn a new service instance VM.

Answer: a**Question: 7**

What is needed to move compute resources between cloud environments?

- a) orchestration software
- b) data compression software
- c) firewall software
- d) load-balancing software

Answer: d

Question: 8

The Sandesh protocol enables which infrastructure model?

- a) centralized
- b) unified
- c) secure
- d) diversified

Answer: b

Question: 9

According to Juniper Networks, where does the Contrail Cloud Platform align in the Network Functions Virtualization solution architecture?

- a) virtualized network functions
- b) Network Functions Virtualization
- c) management and orchestration
- d) Service Now management platform

Answer: c

Question: 10

Which two types of data are collected by Contrail Analytics nodes? (Choose two)

- a) system log messages
- b) routing tables
- c) Access Control Lists
- d) flow statistics

Answer: a, d

Study Guide to Crack Juniper JNCIS-Cloud JN0-412 Exam:

- Getting details of the JN0-412 syllabus, is the first step of a study plan. This pdf is going to be of ultimate help. Completion of the syllabus is must to pass the JN0-412 exam.
- Making a schedule is vital. A structured method of preparation leads to success. A candidate must plan his schedule and follow it rigorously to attain success.
- Joining the Juniper provided training for JN0-412 exam could be of much help. If there is specific training for the exam, you can discover it from the link above.
- Read from the JN0-412 sample questions to gain your idea about the actual exam questions. In this PDF useful sample questions are provided to make your exam preparation easy.
- Practicing on JN0-412 practice tests is must. Continuous practice will make you an expert in all syllabus areas.

Reliable Online Practice Test for JN0-412 Certification

Make NWExam.com your best friend during your Cloud Specialist exam preparation. We provide authentic practice tests for the JN0-412 exam. Experts design these online practice tests, so we can offer you an exclusive experience of taking the actual JN0-412 exam. We guarantee you 100% success in your first exam attempt if you continue practicing regularly. Don't bother if you don't get 100% marks in initial practice exam attempts. Just utilize the result section to know your strengths and weaknesses and prepare according to that until you get 100% with our practice tests. Our evaluation makes you confident, and you can score high in the JN0-412 exam.
