2

You have implemented the application sensor and the corresponding firewall policy as shown in the exhibits. You cannot access any of the Google applications, but you are able to access www.fortinet.com.

What would you do to resolve this issue?

- a) Move up Google in the Application and Filter Overrides section to set its priority to 1.
- b) Change Inspection mode to Flow-based.
- c) Set SSL inspection to certificate-inspection.
- d) Add *Google*.com to the URL category in the security profile.

Answer: b

Question: 5

Which two statements about incoming and outgoing interfaces in firewall policies are true?
(Choose two.)

- a) An incoming interface is mandatory in a firewall policy, but an outgoing interface is optional.
- b) A zone can be chosen as the outgoing interface.
- c) Multiple interfaces can be selected as incoming and outgoing interfaces.
- d) Only the any interface can be chosen as an incoming interface.

Answer: b, c

Question: 6

Which two statements about advanced AD access mode for the FSSO collector, agent are true?
(Choose two.)

- a) It supports monitoring of nested groups.
- b) It is only supported if DC agents are deployed.
- c) FortiGate can act as an LDAP client to configure the group filters.
- d) It uses the Windows convention for naming; that is, Domain\Username.

Answer: a, c

Question: 7

Which statement about firewall policy NAT is true?

- a) DNAT is not supported.
- b) You must configure SNAT for each firewall policy.
- c) DNAT can automatically apply to multiple firewall policies, based on DNAT rules.
- d) SNAT can automatically apply to multiple firewall policies, based on SNAT policies.

Answer: b

Question: 8

What is the common feature shared between IPv4 and SD-WAN ECMP algorithms?

- a) Both support volume algorithms.
- b) Both can be enabled at the same time.
- c) Both use the same physical interface load balancing settings.
- d) Both control ECMP algorithms.

Answer: d

Question: 9

What is eXtended Authentication (XAuth)?

- a) It is an IPsec extension that forces remote VPN users to authenticate using their credentials (username and password).
- b) It is an IPsec extension that authenticates remote VPN peers using a pre-shared key.
- c) It is an IPsec extension that forces remote VPN users to authenticate using their local ID.
- d) It is an IPsec extension that authenticates remote VPN peers using digital certificates.

Answer: a

Question: 10

Which type of traffic inspection requires FortiGate to act as a CA?

- a) SSL certificate inspection when protecting multiple clients connecting to multiple servers.
- b) SSL traffic inspection when protecting a local SSL server.
- c) SSL traffic inspection when protecting multiple clients connecting to multiple servers.
- d) SSL certificate inspection when protecting a local SSL server.

Answer: c

Study Guide to Crack Fortinet FortiOS Administrator

NSE4_FGT_AD-7.6 Exam:

- Getting details of the NSE4_FGT_AD-7.6 syllabus, is the first step of a study plan. This pdf is going to be of ultimate help. Completion of the syllabus is must to pass the NSE4_FGT_AD-7.6 exam.
- Making a schedule is vital. A structured method of preparation leads to success. A candidate must plan his schedule and follow it rigorously to attain success.
- Joining the Fortinet provided training for NSE4_FGT_AD-7.6 exam could be of much help. If there is specific training for the exam, you can discover it from the link above.
- Read from the NSE4_FGT_AD-7.6 sample questions to gain your idea about the actual exam questions. In this PDF useful sample questions are provided to make your exam preparation easy.

- Practicing on NSE4_FGT_AD-7.6 practice tests is must. Continuous practice will make you an expert in all syllabus areas.

Reliable Online Practice Test for NSE4_FGT_AD-7.6 Certification

Make NWExam.com your best friend during your Fortinet NSE 4 - FortiOS 7.6 Administrator exam preparation. We provide authentic practice tests for the NSE4_FGT_AD-7.6 exam. Experts design these online practice tests, so we can offer you an exclusive experience of taking the actual NSE4_FGT_AD-7.6 exam. We guarantee you 100% success in your first exam attempt if you continue practicing regularly. Don't bother if you don't get 100% marks in initial practice exam attempts. Just utilize the result section to know your strengths and weaknesses and prepare according to that until you get 100% with our practice tests. Our evaluation makes you confident, and you can score high in the NSE4_FGT_AD-7.6 exam.
